There's an insect called a "spiky beetle" in Japanese. They found a spiky beetle without spikes, so they called that a "spikeless spiky beetle," and then there was a member of that subfamily that did have spikes, making it a "spiky spikeless spiky beetle." I'm thinking that there are probably some of them that can't fly, and a few of those are particularly quick to move on to other situations, making them "flighty flightless spiky spikeless spiky beetles." Meanwhile, here's "Wano's getting mighty breathless in volume 98!"

Let's go!!!

-Eiichiro Oda, 2021

Eiichiro Oda began his manga career at the age of 17, when his one-shot cowboy manga **Wanted!** won second place in the coveted Tezuka manga awards. Oda went on to work as an assistant to some of the biggest manga artists in the industry, including Nobuhiro Watsuki, before winning the Hop Step Award for new artists. His pirate adventure **One Piece**, which debuted in **Weekly Shonen Jump** in 1997, quickly became one of the most popular manga in Japan.

SBS Question Corner

(Takahisa Fujimoto, Nara)

Q: Hi, Oda Sensei!! Earlier I used Haki of the Supreme King on my one-year-old sister, and she laughed. Why?

--Yucchi

A: Because your sister is the one who has the true disposition of a king.

Q: Odacchiii!! In chapter 977, after Nami gives Jinbe that big hug, I spotted Sanji in the corner biting his handkerchief out of sheer frustration!!

--A purehearted middle schooler who wanted to meet Odacchi on Tanabata

A: Wow, that's incredible. How did you spot that? It's cut off on the side of the panel, so you really have to use your imagination to figure it out. Yes, Sanji is doing this in the Background. Good job!

Q: レイのキッ 4かあるから
キッ ³¹⁷¹ は 5かある!!

--Aoi Y.

*If Luffy has Gear 4 will there be Gear 5?!

A: I liked the power in your writing, so I printed it directly in the book. Hmm, I wonder if there will be Gear Five! I mean, the enemy Luffy has to beat now is supposedly the strongest in the world. And if you look around in the world today, there's 4G and 5G everywhere. I assume G stands for "Gear," right?

Q: In chapter 978, Ulti is talking like an "ever so fancy" lady, and Page One says, "Is this another one of your weird trends?" So what was her trend before that?!

--EtoYotsuya

A: Ah, yes. Before that, she talked even more old-fashioned. She would say, "Pay-Pay, pity thy poor wretched sister!" But currently she seems to have settled on talking like a fancy lady.

A: Okay, I have an apology to make! I had a postcard (or letter?) from a reader that I've lost somehow. But don't worry, because I remember the content. It was from a person whose pen name was "Eeyan," and they wanted me to check out their YouTube page. And it was full of videos of homemade figure construction! Huh? Strange, that figure looks familiar, I thought...and it turns out it was from the very person whose figure photos they'd sent in for the fan art section! It's so fascinating to see readers of mine become famous YouTubers! Go to YouTube and search for "EEYAN." Good luck with your figures! Oh, he said he also has a collab video with Sanadacchi, but you don't need to look at that one!

Q: I was doing some research on the culture of mixed bathing. Apparently, even in the past, when a young woman would come to the bath, perverts like Odacchi would flock to her, so the older women and grannies would keep her safe. Ugh, the nerve of those perverts! Anyway, I've decided to live out of a bathhouse.

--Sanadacchi

A: Uh, excuse me, ma'am! You're kind of in the way! Could you please scooch over a little? I can't see what I came here to see! I oppose this culture of yours!! Ouch!! Hey, stop trying to crush my balls!! Ow!! Stop...ow! Stop!! The SBS... is...

A sacred place! Sanadaaaa!! ⚡

I can't believe you showed up again!! Ladies, go and crush his balls now!! Ow!! No, not mine!! Sanadaaaa...

Okay, enough of that. All of you who heard about mixed bathing and got dirty thoughts in your heads, just because it was long in the past doesn't mean people didn't have shame. So now you've learned something about how the culture of Japan protected the virtue of young ladies!

Q: The officers of Kaido's pirate crew are all named after cards and card games, aren't they?
--Akibe

A: That's right. The three Lead Performers are pretty obvious, but in addition to them, the Tobi Roppo, Numbers, and Headliners are all named for card games, or the cards themselves. The exceptions are Drake, Apoo and Hawkins, since they came from outside the organization.

Well, it turns out there are tons and tons of card games played all over the world. Incidentally, you may remember that Doflamingo's code name was "Joker" back in Dressrosa. That's because in my initial plans, he was going to show up in Wano as one of Kaido's powerful allies. Good thing he was beaten in Dressrosa first!!

Q: I'm a member of the SBS Board of Morals and Ethics. I think that Sanadacchi has gone too far this time. But putting that aside, I really want to eat your millet dumplings, Odacchi!!

--Sanadacchi Fan

A: Uhh, the kind that pop off of my cheeks? I don't think you want to eat them. They're covered in gross, unshaved stubble. Also, change your pen name.

Q: Question for you, Oda Sensei. The people who've eaten Smile fruits grow horns, right? Why do the Pleasures have only one horn, and the Gifters have two?

--Hadock 10

A: Well spotted. That's just fashion, actually! It's not enforced, but the rule is that Pleasures can wear one horn, and Gifters and up can wear two horns, if they want.

Q: Odacchi!! Question for you!! In chapter 962, "Daimyo and Vassals," young Izo is shown with a katana, and young Kiku with a gun. That's the opposite from what they use now! Was there a meaning behind this?
--Yuu-kun

A: In that panel, Kiku's just holding her brother's gun for him. That's a real small detail for you to pick out! Anyway, after their father was tried as a criminal, these two siblings had to work as entertainers and suffer the abuse and manipulation of cruel adults. They could only survive by relying on each other. One of their skills was sharpshooting, and Izo was a master at it. But he was never confident with the katana. Later, when they were on Whitebeard's ship, Izo was hitting targets to entertain the crew, when Vista the Flower Sword said to him, "Use your best skill to protect your master!!" If a samurai is sworn to protect his master, why fixate on the sword if you're not good at it? "Samurai" is meant to be a way of life. So Izo put down the sword and picked up the gun instead.

TODAY'S THE DAY
WHEN EVERYONE
CAN SPEAK
THEIR DREAMS
ALOUD!!

AND THEY WENT
TO ONIGASHIMA
AND SLICED UP
OROCHI AND KAIDO
AND RAISED
HELL!!

I BET THEY
RECRUITED
WARRIORS
FROM ALL OVER
THE WORLD
TO HELP!!

YOU KNOW WHAT
I THINK?! I THINK
THE KOZUK CLAN'S
BATTLE IS HAPPENING
RIGHT NOW!!

IT'S THE
BEST DAY OF
THE YEAR!!

NO ONE WILL
BE EXECUTED
TODAY!!

OROCHI
WILL BE
BACK, BUT
FOR NOW...

THE AIR'S SO
FRESH HERE.
BREATHE IN ALL

A DAY OF

HUFF ... HUFF ...

...I SAW THE VISAGE OF KOZUKI ODEN...

FATHER, HELP!!

WITH EACH THROB OF MY SCAR...

WE WILL NEVER SEE A MONSTER SAMURAI OF HIS LIKE AGAIN!!!

...ARE NOT ODEN...

BUT YOU PEOPLE...

...I REMEMBER!!

Q: If Zoro, Nami, Usopp, Sanji and Franky had Devil Fruit Powers, which fruit would each of them eat?

--420 Land

A: Ooh, that's an interesting question. Here's what I want to see...

Fish-Fish Fruit, Mythical Type, Azure Dragon Model

Rumble-Rumble Fruit (Lightning Woman)

Pocket-Pocket Fruit (Unlimited pockets on your body)

Swim-Swim Fruit

Arms-Arms Fruit

What if the sword turns into the dragon, rather than Zoro? I think that would be awesome.

She'd be the invincible weather girl. (To everyone but Luffy)

Seems like the perfect fit for Usopp with all his gadgets and tools.

He can pass through walls and swim under the ground. A dangerous power in Sanji's hands.

This would be the best possible power for Franky.

Q: Is the vassal tasting Momonosuke's food for poison in chapter 971 the same person who was reporting on Oden's controversial deeds to Sukiyaki in chapter 960? Then he's been serving the Kozuki Clan for generations... I actually cried a little when I realized this.

--Higuma

A: Yes, that's right. His name is Banzaburo. He was taken in by Sukiyaki at a young age, and feels a lifelong debt to his master.

Q: Here's what I want to ask: **"LEAVE OR LIFE?"**
--Negibozu

A: Hey, that's terrifying!!³ What?! No, you can't have my life! I choose leave! I'm leaving!! That's the end of the SBS! See you next volume!! Zooooom!!
